QPP-POTS	QPP-POTS (Dispatched)	14 Hours
Zone-Type -		
•		
Availability:	Notes:	
Performance can be measured beginning in August 2004 (to be reflected on September 2004 reporting) or the first full month of QPP service (for the following month's reporting), whichever is later.		

### TR-1 - Trouble Rate

### Purpose:

Evaluates the overall rate of trouble reports as a percentage of the total installed base of the service or element.

### Description:

Measures trouble reports by product and compares them to the number of lines in service.

- Includes all trouble reports closed during the reporting period, subject to exclusions specified below.
- Includes all applicable trouble reports, including those that are out of service and those that are only service-affecting.

Reporting Period: One month	Unit of Measure: Percent
Reporting Individual CLEC	Disaggregation Reporting: Regional level.

#### Formula:

[(Total number of trouble reports closed in the reporting period involving the specified service grouping) + (Total number of the specified services that are in service in the reporting period)] x 100

### Exclusions:

- Trouble reports coded as follows:
  - For products measured from MTAS data (products listed for MSA-type, trouble reports coded to disposition codes for: Customer Action; Non-Telco Plant; Trouble Beyond the Network Interface; No Field Visit Test OK, No Field Visit Found OK, Field Visit Found OK, and Miscellaneous – Non-Dispatch, non-Qwest (includes CPE, Customer Instruction, Carrier, Alternate Provider).
  - For products measured from WFA (Workforce Administration) data (products listed for Zonetype) trouble reports coded to trouble codes for No Trouble Found (NTF), Test O K (TOK), Carrier Action (IEC) and Customer Provided Equipment (CPE).
- Subsequent trouble reports of any trouble before the original trouble report is closed.
- Information tickets generated for internal Qwest system/network monitoring purposes.
- Time delays due to "no access" are excluded from repair time for products/services listed in Product Reporting under "Zone-type".
- For products measured from MTAS data (products listed for MSA-type, trouble reports involving a "no access" delay.)
- Trouble reports on the day of installation before the installation work is reported by the technician/installer as complete.
- · Records involving official company services.
- Records with invalid trouble receipt dates.
- · Records with invalid cleared or closed dates.
- · Records with invalid product codes.
- Records missing data essential to the calculation of the measurement per the measure definition.

#### NO 198

- Monthly Recurring credit applies to QPP\*\* Residential Services as sat forth in Service Exhibit 1 to this Agreement.
- 2 QPP™ service includes nondecriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch heatures. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added whether on new installation, conversion, or charge order activity. Those vertical switch features not fisted have a rate of \$0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.
- Qwest has provided USOCs for lated vertical switch features. Should IMCI disegree with the association of USOC(s) and listed vertical switch feature descriptions, MCI and Qwest aprea to convene by July 30, 2004 to negotiate corrections.
- The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiality or removing Suspension or Service, denying or restoring service, adding, removing, or changing leatures, and other similar requests.
- 5 OPPTM ISON BRI and PBX are "Design". Remaining OPPTM services are "Non-Design".
- 6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.
- Owest and MCI agree to negotiate a charge in good failth. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and wifi be an approved charge.
- Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%

#### Notes

-----

- n Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.
- 2 OPP™ service includes nondiscriminatory access to all vertical switch features that are loaded in Owest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring, Recurring, or Per Occurrence charges are applicable whenever a feature is added whether on new installation, conversion, or change order activity. Those vertical switch features not listed have a rate of 50 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.
- Qwest has provided USOCs for feature descriptions, MCI and Owest agree to convene by July 30, 2004 to negotiate corrections.
- The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or restoring service, adding, removing, or changing teatures, and other similar requests.
- 5 OPP\*\* ISDN BRI and PBX are "Design". Remaining OPP\*\* services are "Non-Design".
- 6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.
- 7 Qwest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Qwest to recover its relevant costs and will be an approved charge.
- Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.

#### <u>Note e</u>

- Monthly Recurring credit applies to QPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.
- 2 QPP<sup>ns</sup> service includes nondecriminatory access to all vertical switch features that are loaded in Qwest's End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch leatures with Non-Recurring, Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whonever a feature is added whether on new installation, conversion, or charge order activity. Those vertical switch features not listed have a rate of SQ for Monthly Recurring, Non-Recurring, or Per Occurrence charges.
- 3 Owest has provided USOCs for leted vertical switch features. Should MCI disagree with the association of USOC(s) and fisted vertical switch feature descriptions, MCI and Owest agree to convene by July 30, 2004 to negotiate corrections.
- The Subsequent Order Charge is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or restoring service, adding, removing, or changing features, and other similar requests.
- 5 QPP™ ISON BRI and PBX are "Design". Remaining QPP™ services are "Non-Design".
- All charges and increments shall be the same as the comparable charges and increments in each state SGAT.
- 7 Owest and MCI agree to segotiate a charge in good faith. The Parties agree that the charges are intended to allow Owest to recover its relevant costs and will be an approved charge.
- 8 Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.

### Qwest Platform Plus™ (QPP™) Rate Sheet - Minnesota

112.0 Operational Support Systems		
112.0.1 Developments and Enhancements, per Order	Inder development	7
\$12.8.2 Ongoing Maintenance, per Order	Inder development	7
112.0.3 Daily Usage Records File, per Record	\$0.00	7

#### Notes

- Monthly Recurring credit applies to OPP™ Residential Services as set forth in Service Exhibit 1 to this Agreement.
- 2 CPP<sup>™</sup> service includes nondiscriminatory access to all vertical switch features that are loaded in Qwest\$ End Office Switch. See the PCAT for all compatible and available vertical switch features. Only vertical switch features with Non-Recurring. Recurring, or Per Occurrence charges are listed. Non-Recurring charges are applicable whenever a feature is added whighler on new installation, conversion, or change order activity. Those vertical switch features not stated have a rate of \$0 for Monthly Recurring, Non-Recurring, or Per Occurrence charges.
- 3 Owest has provided USOCs for issed vertical switch features. Should MCI disagree with the association of USOC(a) and field vertical switch feature descriptions, MCI and Owest agree to convene by July 30, 2004 to negotiate corrections.
- The Subsequent Order Change is applicable on a per order basis when changes are requested to existing service, including changing a telephone number, initiating or removing Suspension or Service, denying or reatoring service, adding, removing, or changing leatures, and other similar requests.
- 5 QPP\*\* ISDN BRI and PBX are "Design". Remaining QPP\*\* services are "Non-Design".
- 6 All charges and increments shall be the same as the comparable charges and increments in each state SGAT.
- 7 Owest and MCI agree to negotiate a charge in good faith. The Parties agree that the charges are intended to allow Owest to recover its relevant costs and will be an approved charge.
- B Where the service has been deemed to be a Telecommunications Service, the Discount will be provided pursuant to CLEC's ICA. Where the service is not a Telecommunications Service, the discount will be 18%.
